Platform Owner AI Ops

Connect Claude or Cursor to your Encore CRM — pipeline, clients, SMS, tasks, and more — with OAuth, audit logs, and confirm-gated writes. For platform owner seats only.

Family & Friends quotation — preferential pricing, not publicly listed rates.

WHY AI OPS

- **Run the CRM from Claude or Cursor**
  Search clients, update pipeline, send SMS, create tasks — without living in the admin UI.
- **Secure by design**
  OAuth connection, audit log on every tool call, and confirm-gated writes before anything changes.
- **Built for power-user owners**
  Sized for real platform-owner load (search, messaging, tasks) — not a demo chatbot.
- **Your meters stay separate**
  SMS, email, and Mortgi still bill through existing Encore usage packs. This quote is MCP access only.

CASH SUMMARY (THIS QUOTE)

$5,000	$300	$5,300	$300
ONE-TIME SETUP	PER MONTH / SEAT	MONTH 1 TOTAL	STEADY-STATE / MO

Add-on only — stacks beside your existing Encore platform plan (platform fee billed separately).
Not in this quote: Encore platform subscription · SMS / email / Mortgi meters · Claude/Cursor model usage.

How the pricing works

Two charges for AI Ops (MCP). Everything else stays on your current Encore meters.

1. ONE-TIME SETUP — $5,000

50% ($2,500) due to start build + onboarding. Balance due when MCP is enabled.

Covers:

Encore tool catalog	Wire CRM actions (clients, loans, SMS, tasks, docs) as MCP tools
OAuth + consent	Claude / Cursor connect, revoke UI, platform-owner scoping
Safety gates	Confirm-gated writes, rate limits, full audit logging
Owner training	Live walkthrough + day-to-day AI Ops playbook
Go-live support	First-week check-in and issue triage

2. MONTHLY SEAT — $300 / MO

Recurring per platform-owner Claude/Cursor connection. Includes:

- 1 active AI connection (Claude Desktop or Cursor MCP)
- 3,000 MCP tool calls / month included in the seat
- Ongoing audit export access + support for that seat
- Connector updates as Encore features evolve

3. ADD-ONS (ONLY IF NEEDED)

Item	Price	When it applies
Extra seat	$99 / mo	Each additional platform-owner connection

4. EXAMPLE YEAR-1 CASHFLOW

Scenario	Math	Amount
Kickoff (50% setup)	$2,500 deposit to start	**$2,500**
Go-live (setup balance + seat)	$2,500 + $300	**$2,800**
Months 2–12	$300 x 11	**$3,300**
Year 1 total (1 seat)		**$8,600**
Optional: 2nd seat all year	$99 x 12	**+ $1,188**

5. BILLED SEPARATELY (NOT IN THIS QUOTE)

- Encore platform subscription (your existing monthly plan)
- SMS · email · Mortgi usage meters and top-up packs
- Claude / Cursor model tokens (owner's Anthropic or Cursor account)
